PROFESSIONAL EXPERIENCE

Full-Stack Engineer - Global Dynamics (Remote, Antalya, Turkey) | Jun 2025 - May 2026
React 19, Next.js, TypeScript, Zustand, React Query, Tailwind CSS, Node.js, NestJS, Docker, Cypress

- Led frontend development for 3 national-scale government systems in Iraq, from wireframes to release
- Built 2 platforms - a police-academy Learning Management System with real-time student-instructor chat and multi-level role-based access, plus a nationwide Training Center system with performance dashboards
- Engineered a high-security Crime & Legal Center for crime reporting and case management, built for 1M+ potential users and integrated with the legal department
- Cut page-load times ~40% via code-splitting, caching, and memoization; Cypress coverage keeps releases ready

Full-Stack Engineer (Part-time) - Forever Events (Remote, Dubai, UAE) | Sep 2025 - Sep 2026
Next.js 15, React 19, TypeScript, Tailwind CSS, Headless CMS & CRM integrations, SEO

- Shipped Diaflower, a gifting and flower e-commerce platform (Next.js 15, SSR) with full CMS control over homepage sections, layouts, and SEO content
- Implemented technical SEO (SSR, metadata, structured content) earning first-page Google rankings for 10+ keywords, plus an accessible component library that cut new-site setup from days to hours

Full-Stack Engineer - Grwan Group (Remote, Dubai, UAE) | Mar 2025 - Nov 2025
React 19, Next.js 15, TypeScript, React Query, Tailwind CSS, Figma

- Developed LeanGo, an enterprise suite of 3 systems (facility inspection, warehouse management, employee skills network) with granular permissions and reporting
- Translated Figma wireframes and mockups into interactive prototypes and pixel-accurate production interfaces, collaborating daily with product designers and iterating on feedback from design through release across all 3 products

Frontend Engineer - ASDC, formerly RASID (Cairo, Egypt) | Oct 2023 - Mar 2025
React, TypeScript, Redux Toolkit, styled-components, Tailwind CSS, Design Systems

- Delivered a Facility Management ERP over 18 months, serving large organizations, hotels, and malls
- Created 5 ERP modules - staff, shifts, payroll, leave, financial reporting - with KPI dashboards
- Refactored the frontend architecture around reusable hooks, Redux Toolkit, and a design system, cutting duplicated code by ~30%
